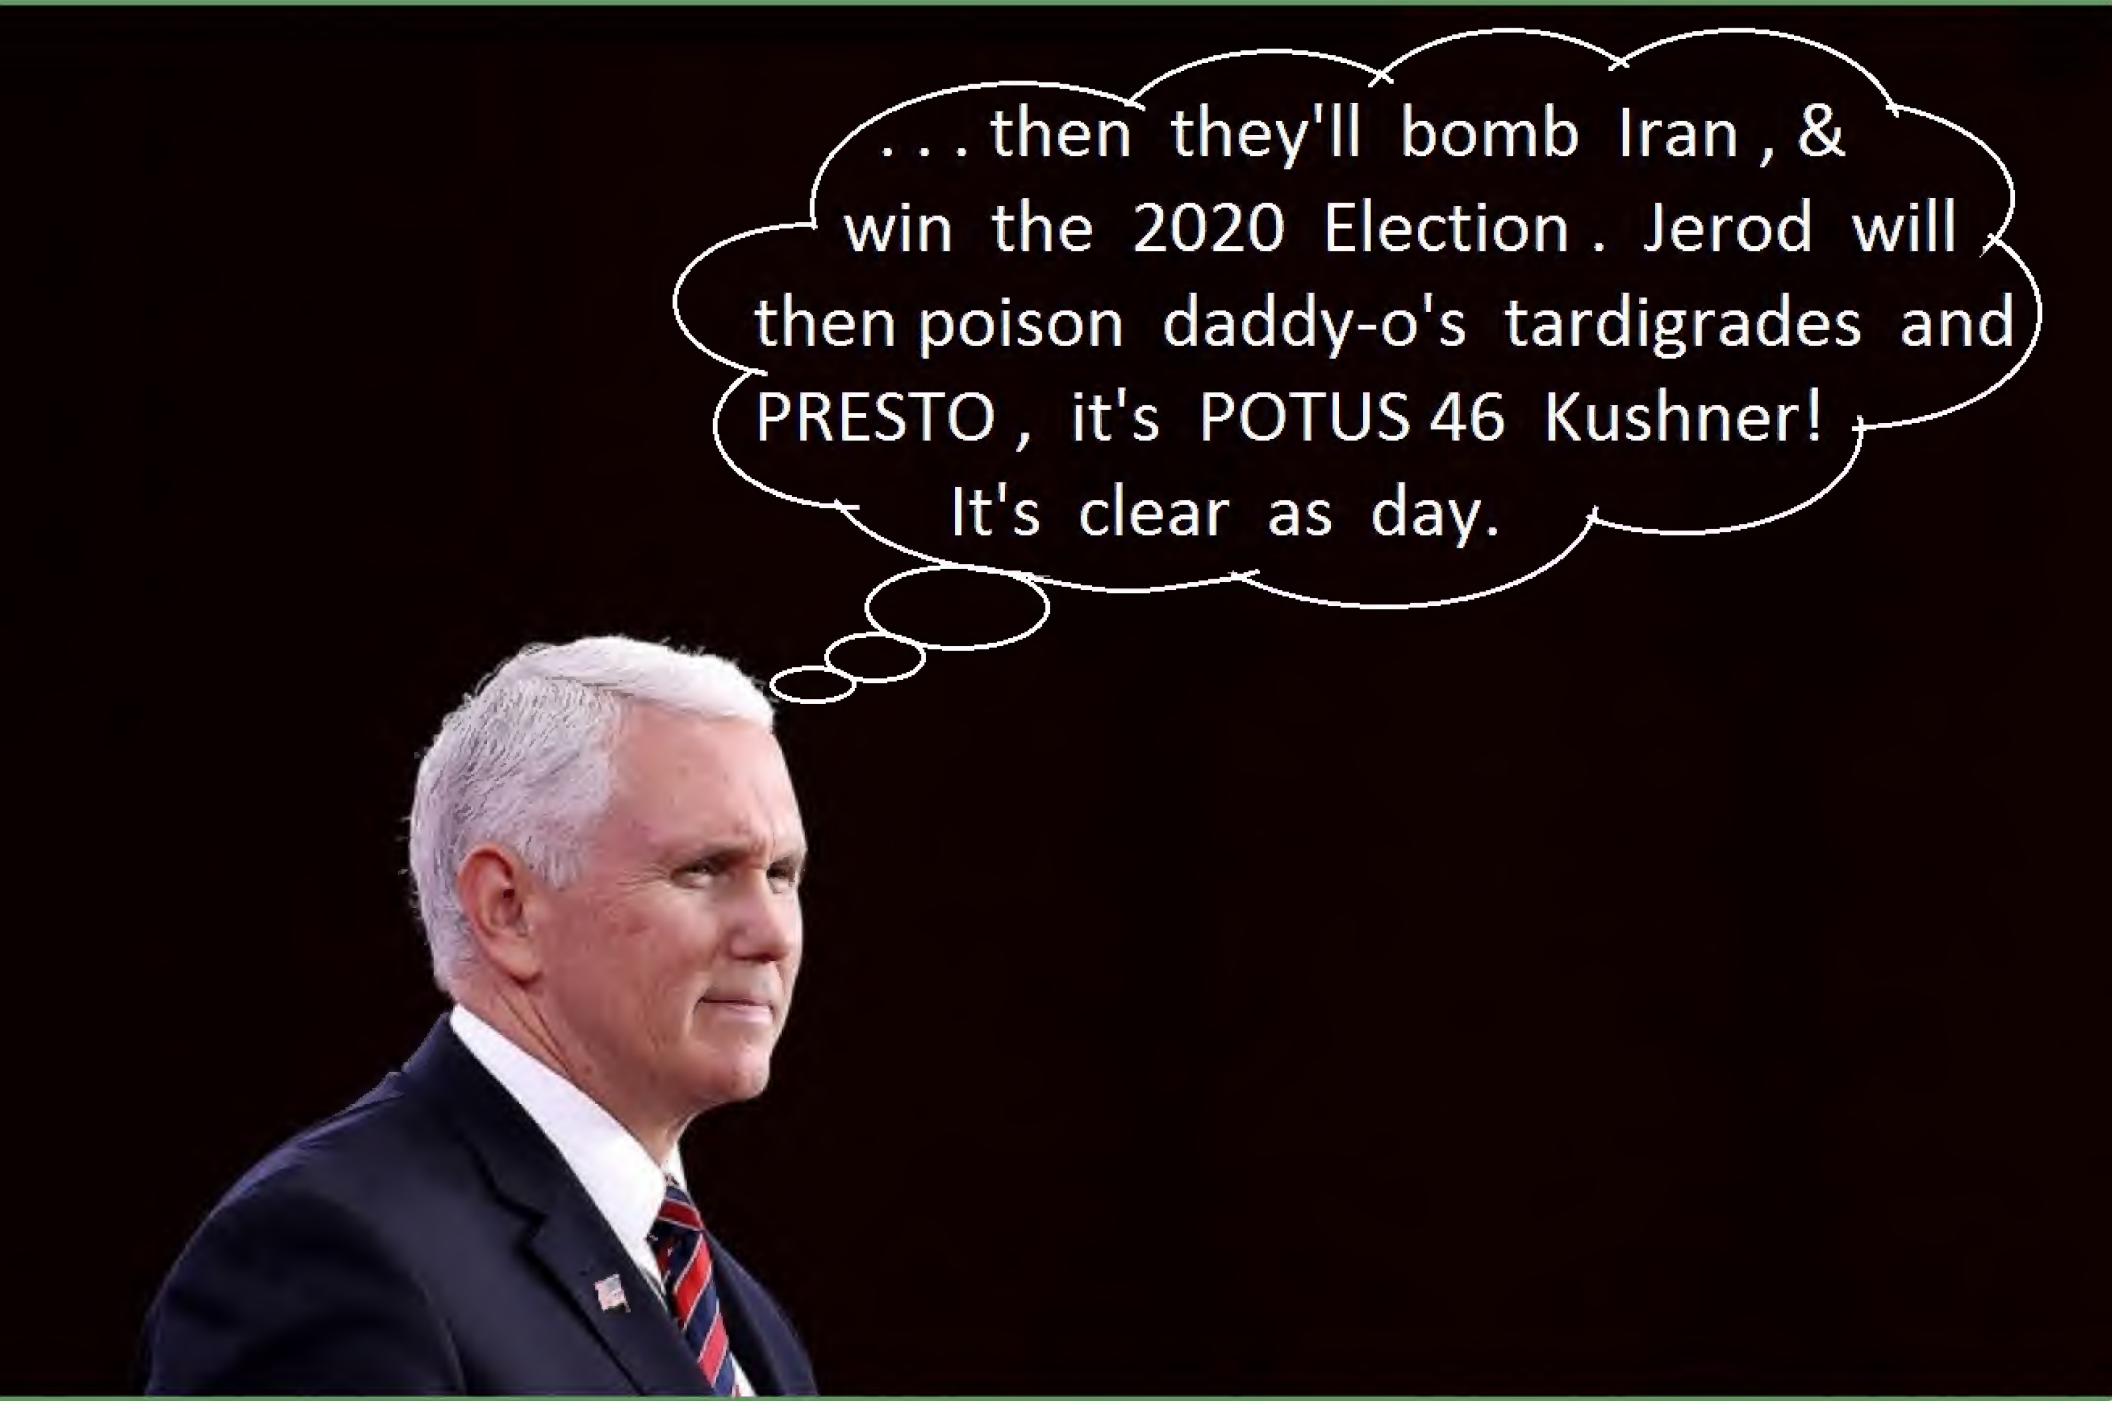
I'll take the fall for Trump's failed Ukraine gambit and allow Satan's minion Jerod Kushner to take my place as Veep . . .



. . . then they'll bomb Iran , & win the 2020 Election . Jerod will then poison daddy-o's tardigrades and PRESTO , it's POTUS 46 Kushner! It's clear as day.

"Comrade Oleg Deripaska ordered me not to repair the gaping holes in America's security over electronic voting machines because he wants to be able to skew results in several key precincts for Trump in 2020, just like he did in the 2016 election. Democracy in America is dead, folks. Get over it."

September 31, 2019

Dear Supporters,

As you well know, I am at an advanced age where I should be drooling in a wheelchair in some rat-hole of a seniors care home while some God-forsaken neo-nazi nurse is draining what fluid is left in my pineal gland for the macabre use by corporate human vampires.

With that in mind, I have been giving serious thought to my futile efforts to get America to WAKE THE FUCK UP ! and have therefore decided to throw in the towel. Our country needs a young leader, not some doddering old fart like Trump, Biden, Warren or me.

The best I've seen out there so far is Andrew Yang and Tulsi Gabbard. So I will be throwing my full support behind those two candidates in the 2020 election.

Should a Yang/Gabbard ticket fail to take the White House in next year's election contest, I will be packing my ass in a suit-case and moving the hell to Canada. And I recommend that you all do the same.

sincerely,

Bernie Sanders
